PROFESSIONAL SUMMARY

Frontend Developer and UI/UX enthusiast pursuing a Master's in Computer Science at the University Of South Dakota. Skilled in crafting responsive, user-centric web applications using HTML5, CSS3, JavaScript, and React, with a strong focus on design aesthetics and interaction patterns. Passionate about merging design and development to create seamless digital experiences and eager to explore frontend/UI/UX internship opportunities.

PROJECTS

MelodaAI - AI-Powered Music Streaming Platform

React, CSS, AI APIs

- ◆ Developed a fully responsive music streaming app with AI integration for intelligent suggestions.
- ◆ Designed dynamic artist pages, genre-based filters, and micro-interactions.
- ◆ Applied animations using Framer Motion to enhance visual appeal.
- ◆ Integrated third-party AI for personalized music recommendations.

E-Commerce Clothing Store Website

HTML, CSS, JavaScript

- ◆ Built a modern online shopping platform with real-time cart updates and category filters.
- ◆ Implemented clean UI and mobile-first design.
- ◆ Developed modular components and ensured cross-browser compatibility.
